

Profitable Grazing and Weed Management

Supporting the North West Surat Basin Integrated Weed Management Strategy

QMDC and Powerlink invites you to register interest in attending an informative and practical workshop with:

Grazing industry consultant Steve Banney
Steve is accredited to deliver BusinessEDGE training and promotes business skills to landholders through the Grazing BMP.

Workshop:

Date: Wednesday, August 19

Time: 9am - 2pm

Venue: Will be set depending on area of interest (Roma, Wallumbilla, Yuleba or Wandoan)

Cost: Free

Topics:

- ⇒ Learn about the profit drivers of the beef business
- ⇒ As a group, document the issues around weeds that affect farm biosecurity, productivity, costs, income and profitability
- ⇒ Quantify the financial bottom line effect of weeds on your farm
- ⇒ Test weed management options to improve profitability
- ⇒ Attendees should bring their production, cattle turnoff/prices, costs and other relevant figures to the workshop and a calculator
- ⇒ Workshops will be tailored to participants needs.
