

# Sustainable & Productive Pasture Systems

**Are rundown pastures impacting you? Want to improve your production and increase the quality of your grasses?**

**Join us for a Field Day on productivity & rundown in grass pastures**

**Wednesday, 7th October, 2015  
9am to 3pm**

**'Balnakeil',  
10967 Southern Road  
ROMA**

**Facilitated by:  
Col Paton, EcoRich Grazing  
Brian Johnson, QDAF**

**Fully catered - Free of charge**

**RSVP by: 5th October, 2015  
To: RLF QMDC Jean Prow on  
Mobile: 0427 580 399  
Email: [jeanp@qmdc.org.au](mailto:jeanp@qmdc.org.au)**

## **Learn:**

- ⇒ **To identify native pasture species and their role in a beef production enterprise**
- ⇒ **Sown pasture species for the region and soil types**
- ⇒ **View successful and failed sown pastures and discuss the "why's and wherefore's"**
- ⇒ **How to encourage legumes in existing pastures**

*This field day is supported by the Queensland Murray-Darling Committee and the Regional Landcare Facilitator Programme which is supported through funding from the Australian Government's National Landcare Programme.*
