

Waterloo Plain Environmental Park Tree Planting Event

Supporting the North West Surat Basin Integrated Weed Management Strategy

Queensland Murray-Darling Committee (QMDC) and Powerlink Queensland invite you to join with Wandoan State School agriculture students and Western Downs Regional Council for a tree planting event at the Waterloo Plain Environmental Park. We will also be officially launching the Integrated Weed Management Strategy, a document to provide local landholders and stakeholders with a snapshot of current weed management issues in the region.

Planting Event:

Date: Monday, 12 October

Time: 1pm - 2pm

Lunch will be provided, followed by tree/shrub planting activities.

RSVP: Required for catering purposes.

Please email or phone Sandy Robertson:
07 4637 6228 or sandyr@qmdc.org.au

Powerlink has teamed up with QMDC to deliver a Community Relations Program to enhance biosecurity and weed management in the North West Surat Basin. The partnership is developing a local Integrated Weed Management Strategy, conducting a series of community action days and implementing a regional education campaign in the Fairview, Wallumbilla, Wandoan and Yuleba areas.
