MARCH

Machinery for the Maranoa Muckadilla TopCrop Farming Group

A farmer field day - designed by farmers for farmers

WORKSHOP Amby

Robotics, drones and 21st Century technology will create a hive of activity at Maree Downs, west of Roma.

Muckadilla TopCrop Farming Group member, Gavin Burey, will host the *Machinery for the Maranoa* field day in partnership with Conservation Farmers Incorporated (CFI) and the Queensland Murray-Darling Committee (QMDC).

LEARN ABOUT

- Soil status, phosphorous, structure and compaction
- Improve efficiency of crop production with better understanding of soils and water capacity
- New technology: how it can apply in the Maranoa

This workshop will include demonstrations of a soil pit, drones and spray equipment.

DATE:
Friday, March 17, 2017

VENUE:
Maree Downs, Amby

RSVP by March 10:
To QMDC's Rhonda Toms-Morgan on 0428 759 235 or rhondat@qmdc.org.au.
