# Mother-of-Millions

## Workshop

Mother-of-Millions has recently taken off thanks to late winter rain. It is highly toxic to livestock and has spread rapidly down water ways in the Maranoa. Come along to learn proven ways to control it.

Maranoa Regional Landcare Inc, in partnership with the Queensland Murray-Darling Committee (QMDC) invite you to attend this free workshop.

### PROGRAM

- Control: What are your options?
- Chemicals that work well
- Machinery - spray jets and cannons
- CSG compliance - weeds in pump yards
- Know your rights - self assessable codes
- How we can help

### Guest speakers:

- ◆ Craig Hunter, Biosecurity Queensland (QDAF)
- ◆ Dave Hinz, Department of Natural Resources
- ◆ Damien Hooper, Dow AgroSciences Australia

### Details:

**WHEN:** 8am for 8:30am-12pm, Wednesday, April 19, 2017. (Light lunch will follow.)

**WHERE:** Yuleba RTC rooms, 20 Stephenson Street (across the road from the council service centre) .
