RABBIT CONTROL: WARREN RIPPING DEMONSTRATION

Are rabbits eating away your profits or gardens?

To maximise the impact of the latest rabbit control virus (K5 strain), QMDC, Darling Downs Moreton Rabbit Board and the Toowoomba Regional Council invite you to a demonstration of warren ripping and effective rabbit control methods.

GUEST SPEAKERS

- Darling Downs Moreton Rabbit Board's Nathan Ring
- University of Southern Queensland's Dr David Berman
- Biosecurity Queensland's Peter Elsworth

The workshop will explore:

- Thinking like a rabbit
- How to identify where rabbits are breeding
- Various control techniques
- Warren ripping demonstration and how to have the biggest impact
- Incentives offered
- legal obligations for landholders
