FREE
WORKSHOP

Maximising your herd

Join the discussion with Tim Emery (Tropical Beef Technology Services) and Roger Sneath (Senior Extension Officer, FutureBeef, DAF) on how to maximise your herd with genetics, available pasture and some simple records.

LOCATION: Mitchell Bowls Club
23 Dublin Street

TIME: 8:30am arrival for a 9am start - 2pm

Workshop will include:

Breeder Nutrition

- Making that call to feed, sell or agist
- Discussions around drought constraints and some tools that might help – forage budgets, early weaning, excel calculators and NIRS

Herd Recording

- Keeping it simple and getting the answers you want

Pregnancy Testing

- How to manipulate the information you get for the season and your herd

Breedplan

- How to sift through thousands of bulls to find the ones with the EBVs to take you where you want to go

Smoko and lunch provided.

RSVP by Thursday 21 June to Lachlan Marshall at lachlanm@qmdc.org.au or 0427 056 443

This event is brought to you by GrazingFutures.

GrazingFutures is funded by the Queensland Government's Drought and Climate Adaptation Program (DCAP) that aims to improve drought preparedness and resilience for Queensland producers.
